The grand finale of the 21st JK Tyre FMSCI National Racing Championship came to an exciting end at the Buddh International Circuit, the only F1 circuit in India, on November 18. New champions emerged in the blue-riband races after four gruelling rounds.

JK Racing is considered one of the biggest social events in the NCR, with major celebrities from across the country, media and over 35,000-plus fans turning up for the final event.

World-class stuntmen, Guinness record holder Terry Grant from the UK and Aras Gibieza from Lithuania, wowed the spectators with their daredevilry. Equally enthralling were the

Indian stuntmen, starting from eight-year-olds driving karts at breakneck speed to a farmer from Punjab pulling off wheelies on a massive tractor. However, the biggest stars of

the day were the racers. Karthik Tharani (Euro JK 18), Raghul Rangasamy (LGB-4) and Joseph Mathew (Gixxer Cup) became the national champions in their respective categories.
